NAME: **Christopher John Stuart-Bennett**

Please give your reasons why you want to join the Board and what skills/expertise you would bring to the team. Feel free to attach an extra sheet if needed.

I have been working with the LCG board (in a supporting capacity) since April 2016 and have been a co-opted director since spring 2018. With the vacancies becoming available, it makes sense for my involvement to be formalised further.

In terms of skills, I am a qualified project manager with a focus on energy efficiency programmes as well as a former IT specialist. I have been in charge of the LCG monthly reporting and website management for the past 2 years and have been heavily involved in the recent project development work.
