LOW CARBON GORDANO LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2024

The directors present their report and the financial statements for the year ended 31 March 2024.

Directors' responsibilities statement

The directors are responsible for preparing the Directors' Report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Society and the Group and of the profit or loss of the Group for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Society's transactions and disclose with reasonable accuracy at any time the financial position of the Society and the Group and to enable them to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014. They are also responsible for safeguarding the assets of the Society and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Principal activity

The society's principal trading activity during the year was to develop and manage solar arrays funded through members' share investment and to promote low carbon lifestyles.

Directors

The directors who served during the year were:

Ms H A Sudbury
Prof S A Cayzer
Mr A Ireland (appointed 29 September 2023)
Mr B J Tittley
Ms H P Rumford
Mr C J Stuart-Bennett
Ms K Shanahan
Mr D Clegg (resigned 29 September 2023)
Mr S Urquhart
Mr D Faulkes (appointed 29 September 2023)
Dr H Gavin
Ms S A Halstead

LOW CARBON GORDANO LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2024**

Disclosure of information to auditors

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Society and the Group's auditors are unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Society and the Group's auditors are aware of that information.

Small companies note

This report has been prepared in accordance with the special provisions relating to societies subject to the small companies regime under the Co-operative and Community Benefit Societies Act 2014.

This report was approved by the board and signed on its behalf.

Ms H A Sudbury
Secretary

Date: 16 November 2024

LOW CARBON GORDANO LIMITED

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2024

DIRECTORS' REVIEW OF THE BUSINESS

PRINCIPAL ACTIVITIES

The society's principal trading activity during the year was to develop and manage solar arrays funded through members' share investment and to promote low carbon lifestyles.

BUSINESS REVIEW

The main activity during the year was the management of the society's ground mounted solar arrays at Moorhouse Farm, Hallen, Bristol, and at Ham Farm, Kingston Seymour, North Somerset, the smaller roof schemes at Church House, Northleaze School in Long Ashton and at the YMCA in Clevedon, and the more recent schemes at Churchill School (195kW) and at the previous Solarsense site at Brockley (2 systems totalling 100kW). In all, the Society now has 3.1 MW of solar PV installed.

The ground mounted arrays have now been operating for nearly ten years and have in general performed above their originally predicted performance. However, we have experienced a significant outage at our largest site (Moorhouse) over the summer which is currently with our insurers for resolution.

3 of the roof-mounted schemes have been operating for more than eight years with no significant problems reported.

The feasibility work for the Channel Green Energy wind scheme successfully demonstrated a viable business case, but the proposal is currently on hold pending the planning changes for wind trickling through to the relevant departments. We are in contact with North Somerset Council to actively discuss this.

Members were paid 7% interest for the full 12 months to March 2023.

The movement in shares invested / withdrawn in the year was a net withdrawal of 8,428 (£84,280) in the year.

We continue to look for new projects, and have one village hall roof scheme under consideration at this time.

Finally, we conducted a significant review of our Risk modelling this year which identified several areas that require closer attention.

PLANS FOR FUTURE PERIODS

Such plans are somewhat subject to the guidance that members will give us during the 2024 AGM. However, assuming that the members ask us to continue actively pursuing new opportunities, the Board of Directors will continue to seek other opportunities for constructing renewable energy schemes and linked investments. Whilst rooftop schemes will continue to be our bread-and-butter activity, we hope that the Channel Green Energy wind project will be our primary focus for the coming years.

INTEREST AND TRANSFER TO RESERVES

The directors are proposing to pay interest on members' shares held during 2023/24 at 7.0% pa, and this will be confirmed following the input from members at the AGM.

COMMUNITY BENEFIT PAYMENTS

At the September 2022 AGM, a donation of £18,000 was set aside for the Community Benefit Fund to be paid out during 2023-24, of which £1,800 was set to be given directly to projects in the developing world and £16,200 was set to be given to Quartet who administer the grant funding process with input from Low Carbon Gordano members. As in the previous years, the grant-making process is managed by Quartet as part of the MegaWatt Fund, which merges our Community Benefit Fund donation with that from the Bristol Energy Co-op. Decisions about grants to be made rest with representatives of the two Community Benefit Societies.

At the September 2023 AGM, a donation of £19,300 was set aside for the Community Benefit Fund, to be paid out during 2024-25: £1,930 to projects in the developing world; £17,370 to Quartet to administer for local

LOW CARBON GORDANO LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2024**

projects.

The directors are also recommending to the September 2024 AGM that a further £19,300 is donated to the Community Benefit Fund. This money will be paid out during 2025-26. However, this will be subject to the guidance that the membership provides the Board during the September 2024 AGM.

The belief is that this reflects a fair balance between the interests of shareholders and those of the communities we depend upon. The long-term health of the community benefit society sector depends on the wider community recognising the value that such societies bring to the communities which they serve.

Mr C J Stuart-Bennett
Chair

LOW CARBON GORDANO LIMITED

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF LOW CARBON GORDANO LIMITED

Opinion

We have audited the financial statements of Low Carbon Gordano Limited (the 'parent Society') and its subsidiaries (the 'Group') for the year ended 31 March 2024, which comprise the Group Statement of Income and Retained Earnings, the Group and Society Balance Sheets, the Group and Society Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and of the parent Society's affairs as at 31 March 2024 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Group's or the parent Society's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditors' Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our

LOW CARBON GORDANO LIMITED

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF LOW CARBON GORDANO LIMITED (CONTINUED)

knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Co-operative and Community Benefit Societies Act 2014.

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the parent Society and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Co-operative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Society, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Society financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the Directors' Report and from the requirement to prepare a Group Strategic Report.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement on page 1, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Group's and the parent Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the parent Society or to cease operations, or have no realistic alternative but to do so.

LOW CARBON GORDANO LIMITED

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF LOW CARBON GORDANO LIMITED (CONTINUED)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Based on our understanding of the Company and industry, we evaluated that the principal risks of non-compliance with laws and regulations related to UK tax legislation, Health and Safety Executive legislation, Data Protection legislation and implementation of government support schemes. and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including override of controls). Audit procedures performed included:

- Evaluating management's controls designed to prevent and detect irregularities;
- Substantive testing of specific transactions and balances.

Although we have nothing adverse to report in terms of the results of the procedures listed above, there are inherent limitations in such procedures. We are less likely to become aware of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the Society's members, as a body, in accordance with the Co-operative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the Society's members those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Society and the Society's members, as a body, for our audit work, for this report, or for the opinions we have formed.

LOW CARBON GORDANO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. General information

The entity is a Community Benefit Society limited by shares under the Co-operative and Community Benefit Societies Act 2014.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The Society has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Statement of Income and Retained Earnings in these financial statements.

The following principal accounting policies have been applied:

2.2 Basis of consolidation

The consolidated financial statements present the results of the Society and its own subsidiaries ("the Group") as if they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Balance Sheet, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated Statement of Income and Retained Earnings from the date on which control is obtained. They are deconsolidated from the date control ceases.

In accordance with the transitional exemption available in FRS 102, the group has chosen not to retrospectively apply the standard to business combinations that occurred before the date of transition to FRS 102, being 01 April 2016.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024

2. Accounting policies (continued)

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Group has transferred the significant risks and rewards of ownership to the buyer;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.4 Research and development

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research shall be recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised on a straight line basis over their useful economic lives, which range from 3 to 6 years.

If it is not possible to distinguish between the research phase and the development phase of an internal project, the expenditure is treated as if it were all incurred in the research phase only.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024

2. Accounting policies (continued)

2.5 Government grants

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Consolidated Statement of Income and Retained Earnings in the same period as the related expenditure.

2.6 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.7 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.8 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2.9 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Freehold land	-	Not depreciated
Solar installations	-	5%
Monitoring equipment	-	6%
Other fixed assets	-	

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

2. Accounting policies (continued)**2.10 Valuation of investments**

Investments in subsidiaries are measured at cost less accumulated impairment.

Investments in unlisted Group shares, whose market value can be reliably determined, are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in the Consolidated Statement of Income and Retained Earnings for the period. Where market value cannot be reliably determined, such investments are stated at historic cost less impairment.

Investments in listed company shares are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in profit or loss for the period.

2.11 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.12 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.13 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.14 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.
